Around The Greens

I hope that everyone had a very happy Christmas and New Year, so far the weather has been excellent and our fields over the past weeks have been at almost capacity on Wednesday and with extremely strong numbers on Saturday.

The course Superintendent and his staff are making every effort to provide members with a quality course however it has become evident that members and visitors are not repairing pitch marks and divots. I would appreciate it if members would fix pitch marks on greens and repair divots around the course even if you did not create the problem.

I have been asked recently whether Buggies can be wheeled across Greens. The answer is NO and if Visitors do wheel them across our greens please let them know this is an unacceptable practice at PMGC.
